WBAs in Clerkship

May 18, 2023

Progress update

Thank you for all of your work! Well over half of the 2T4 class have completed EPAs with an average of 2 - 3 per student.

The narrative feedback has been timely, specific and extremely valuable to students.

Completing the same EPAs

More than one of the same EPA can be completed in a course.

This practice is encouraged as it is a way to improve on an EPA based on the feedback received from the previous assessment.

What we are hearing from you...

A resident assessor shared that they find the EPAs helpful to structure immediate feedback with a student. By deciding with a student to complete an EPA, they have committed to a learning conversation after the skill is observed. The Key Observable Behaviours for each EPA provide a focus for the feedback and it can be completed quickly.
